Adult Classes

It's never too late to start swimming! Our Adult Lesson Program allows you to decrease your fear of the water and improve your swimming technique in a comfortable environment.

Swimming is a great low-impact exercise that builds your cardiovascular fitness, increases muscle tone, and helps shed pounds without the joint stress associated with running or jogging.

We offer both group lessons and private lessons for adults. We also offer lap swim memberships so that you can practice outside of class time. If you are currently signed up for one of our adult programs, you will receive a discount on your lap swim membership.

Our Adult Group Lesson Program is recommended for anyone 16 years of age or older and any ability level.

All swimmers must check either:

- Beginner
- Intermediate

This will be used to aid our instructors with class curriculum.
